

## Homework Assignment 1 Due Tuesday, Jan. 17th

**Instructions:** I am assigning to you *every problem* in these sections; however, I will ask that you **only** turn in the problems I specify below; the rest of them are practice for you. You may turn in problems in the “Challenge Problems” section, and they are worth bonus points if you do them correctly (and explain your reasoning well).

There are answers to “Homework B” in the back of your book, and if you are stuck on a certain problem you can look to the corresponding problem in Homework B for inspiration.

---

Problems to turn in:

- 1.1: All of Homework A
- 1.2: All of Homework A
